

BATEC MOBILITY

BATEC **RAPID 2 PLUS / 2 S**

Always ready.
Ready for so much more

Move with the freedom to go anywhere you want, any time you want.

Designed to adapt to you
Because each user is different

- **Adapted handling**
- **Optimised docking**
- **Personalised controls**
- **Maximum control**

Just one Batec. **So many more possibilities**

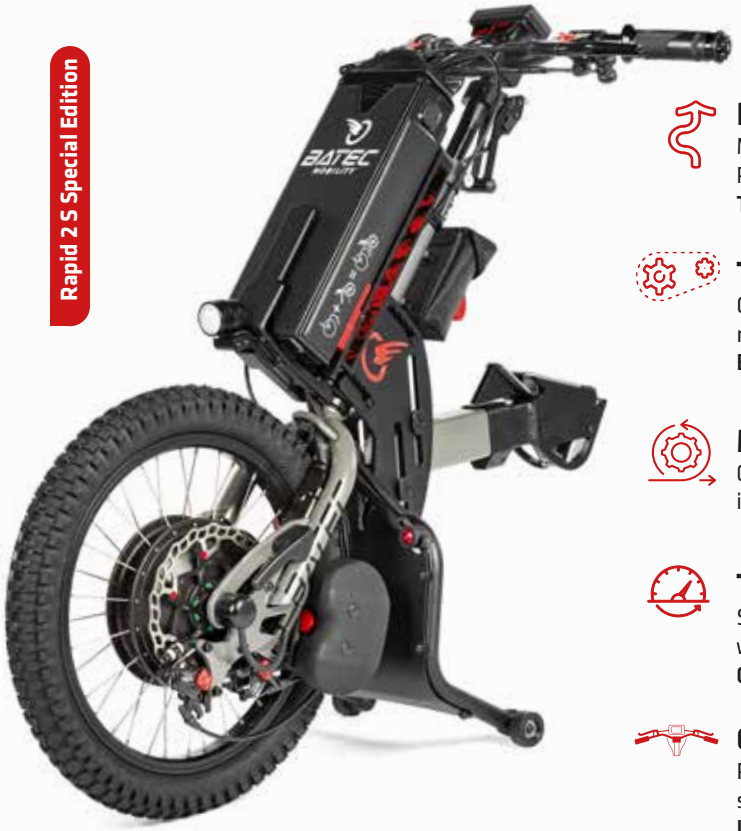

There are days when you just want to get around the city. Others when you might fancy taking the long way, exploring a nature trail or going on a spontaneous getaway. It's best not to have to choose a different handbike for each occasion.

With the **Batec Rapid 2 Plus / 2 S**, you can transition seamlessly from everyday life to leisure activities, enjoying a comfortable, stable, pleasant ride in towns, on cycle paths, in parks and on hard trails.

Because true freedom isn't just about reaching a destination. It's being able to say yes to more plans, share more moments and enjoy the journey without the distance setting your limits.

Rapid 2 S Special Edition

Ready for anything

Move with the freedom to be spontaneous. Because no two days are the same, the Rapid is ready to accompany you on every journey.
Three handling modes

The terrain changes. Your plans don't

Get better stability and confidence on tarmac, compacted gravel or dirt tracks so nothing will stop you from carrying on.
Batec anti-slip system

Move more easily

Get there sooner and with less fuss. The Rapid is the solution you need to get around in total comfort. **20 km/h (Rapid 2 Plus) · 30 km/h (Rapid 2 S)**

Take it at your own pace

Set a steady speed so you can focus solely on the road. Because when everything flows smoothly, each journey is much more enjoyable.
Cruise control

Get greater peace of mind

Precise braking and better control on every journey to make you feel safe from start to finish.
Intelligent braking system | Electronic assistance cut-off | Brake lights

Start enjoying it in a matter of seconds

When something comes up, the last thing you want to do is wait. Attach your Rapid quickly and easily and start enjoying it straight away.
Batec Docking

Different acceleration and braking set-ups |
Controls adapted to different functional abilities |
Docking mechanism | No tiller effect
